

Chief, Management Staff

12 February 1959

Chief, Records Management Staff

Report for Periods Ending 4 February and 11 February 1959

1. Contributionsa. Tangible

- (1) Completed 24 new and revised forms. Eliminated 64 forms.
- (2) Completed the installation of a Subject-Matrix Filing System in the Office of the Special Assistant to the DD/S [redacted] This will provide a uniform method of filing and finding correspondence and a system for cutting off and retiring inactive records.
- (3) The Records Center received 1,008 cu. ft. of inactive records from 8 Agency offices. There are now 42,046 cu. ft. of records in the Center (the equivalent of 5,259 safe cabinets).
- (4) Reviewed and approved a revised Records Control Schedule for the Personnel and Training Section of OER.
- (5) Reviewed the records management activities of the Public Works Branch at Isolation and proposed 19 recommendations, including the need for a revised Records Control Schedule. The carrying out of these recommendations will be accomplished by the ASO/OER. This project undertaken at the request of Miss [redacted]
